Consider a resolution authorizing the Mayor to execute an Agreement with Casco Industries, Inc. for the purchase of MSA Airpack SCBA and SCBA Accessories.

This is a blanket agreement with Casco Industries, Inc. for MSA self-contained breathing apparatus (SCBA), parts, and accessories. Besides firefighting gear, SCBA is the single most important piece of equipment worn by a firefighter because it allows the firefighter to have a fresh breathing air supply while working in a smoke-filled environment. Because of their importance, maintenance is performed on the SCBA on a routine basis so that they remain safe for the firefighter and in compliance. This agreement will allow us to secure pricing during its duration to ensure that parts for maintenance and replacements can be purchased in a timely manner.

Cost: $170,000.00
Source of Funds: General Self-Financed Purchases
