Consider a presentation regarding, and a resolution approving the Capital Improvements Plan Progress Semi-Annual Report regarding Water and Wastewater from the Capital Improvements Advisory Committee.

The Local Government Code Section 395.058 requires the Capital Improvements Advisory Committee to report to the political subdivision (City Council) the progress of the capital improvements plan and impact fees. These items were last updated in November 2020 and went into effect in February 2021.

The Capital Improvements Advisory Committee met on May 4, 2022 to consider and approve the semi-annual report to the City Council with respect to the progress of the Capital Improvements Plan and identification of any perceived inequities in the impact fees. The following information is being provided to you pursuant to 395.058 of the Texas Local Government Code.

After discussion, the Committee found no perceived inequities in implementing the plan or imposing the impact fee. Therefore, a motion was made to approve and forward the report to the City Council for their consideration.
