# WHO WE ARE

## AUSTIN BUSINESS FURNITURE

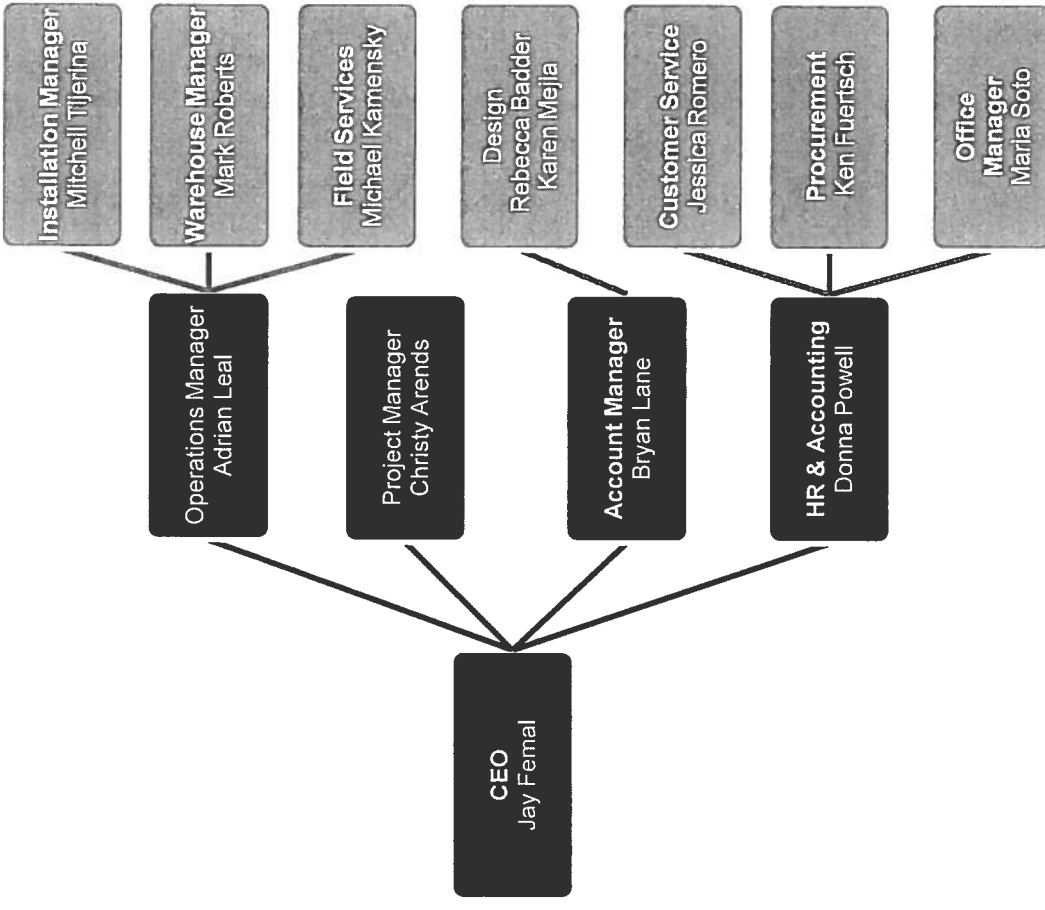

Established in 1985, Austin Business Furniture is a locally owned and operated contract furniture dealership.

At ABF, we take pride that we can provide a unique experience to our customers that no other local competitor can duplicate. Our combination of product offering is distinctive, our pricing is competitive, and above all, our staff is matchless in talent, experience, and ability.

ABF boasts a 20,000 square foot distribution center in northwest Austin, and an ever evolving show room that features the latest trends in our innovative furniture offering.

Each of our customers receives the same level of quality service, no matter what the size of the project. We offer complimentary design, consultation and assistance with selections and finishes. Installations are performed by our own crew, and our clients have a dedicated project manager to help facilitate an easy install. We also offer storage, asset management, reconfigures , and complimentary warranty service supported through our field services department.

We anticipate that as organizations grow and change over time, so do their environments and furniture needs. ABF is committed to providing long-term partnership with Round Rock PSTC assisting with moves, changes, or additions to their furniture configurations. The majority of our employees have been with ABF for over 10 years, so when we say we're committed to long-term partnerships, we mean it. Your ABF team will be familiar with your project from day one and beyond. We know this quality is important when it comes to servicing the project for years to come.
