

COMPREHENSIVE PLAN LAND USE DESIGNATION: Downtown Mixed-Use

HISTORY: Portions of downtown were rezoned to MU-1 (Mixed-Use Historic Commercial Core) district, MU-2 (Mixed-Use Downtown Medium Density) district, and MU-L (Mixed-Use Limited) district in 2013.

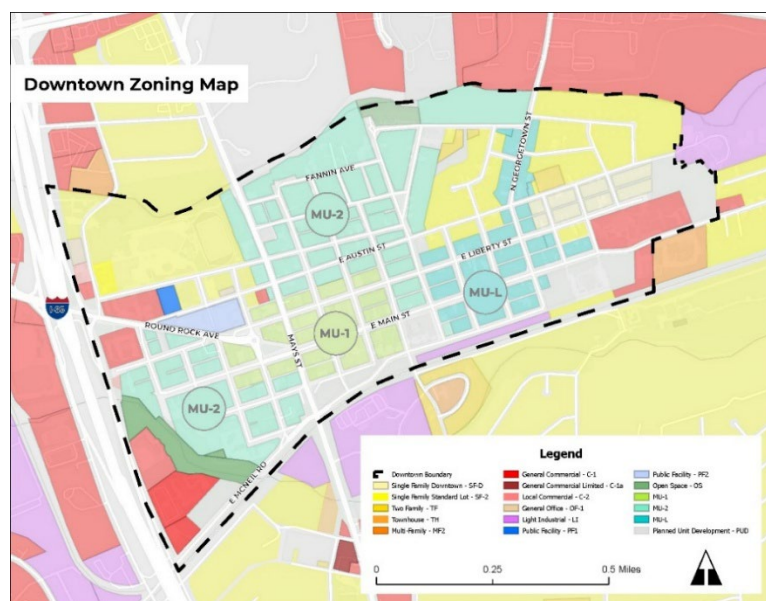

DATE OF REVIEW: September 3, 2025

STAFF REVIEW AND ANALYSIS:

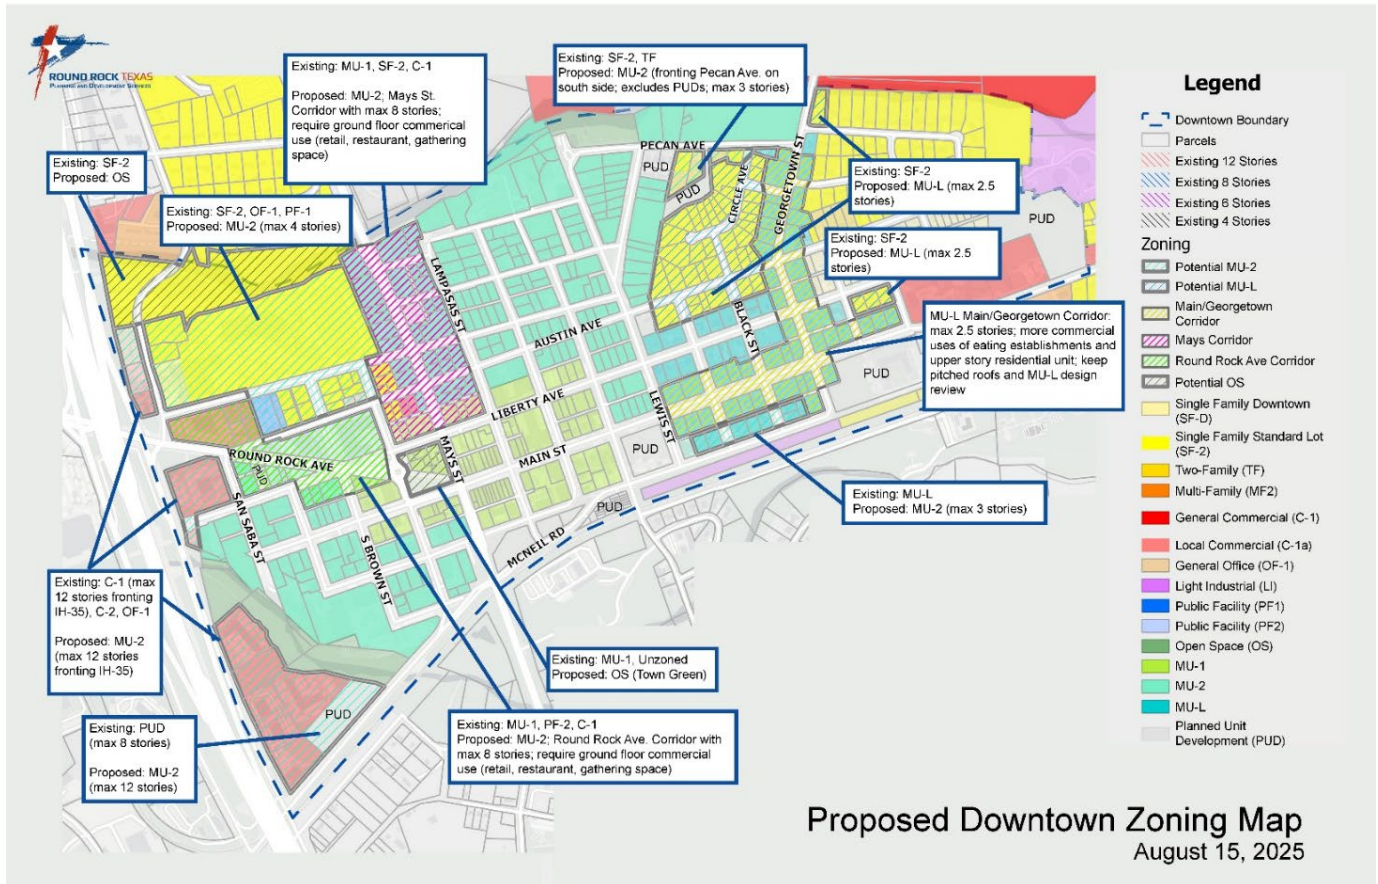

Background: Along with text amendments to the Code of Ordinances, PDS staff examined the existing zoning of each parcel in the downtown area to determine whether the zoning should remain or change.

EXISTING ZONING:

PROPOSED REZONING:

In all, staff is recommending rezoning of 114 parcels.

JUSTIFICATION FOR CHANGES:

A combination of factors justify the proposed rezonings.

MU-1 (Mixed-Use Historic Commercial Core) district: Proposed to shrink slightly to be more focused around the two-block National Register Historic District in the 100-200 blocks of East Main Street. The goal is to ensure that building form is complementary to the existing historic district.

MU-2 (Mixed-Use Downtown Medium Density) district expands to parcels to the north of Round Rock Avenue and those parcels removed from MU-1. Additionally, MU-L parcels located on McNeil are now better suited for MU-2 zoning given the expanded connection of McNeil to Georgetown. Parcels along the IH-35 frontage that are currently zoned commercial are also proposed to be rezoned to MU-2 to ensure cohesive design and interface with downtown.

MU-L (Mixed-Use Limited) district is located in the east end of downtown. Parcels which are currently zoned single-family on Circle Ave. and on Austin Ave., as well as 3 single-family parcels on Liberty, are proposed for rezoning to MU-L. MU-L requirements are designed to maintain a residential look; therefore, while there is an allowance for limited commercial uses, MU-L will maintain its compatibility with existing single-family uses.

OS (Open Space) zoning is proposed where the downtown park is being developed around the water tower and also for Memorial Park.
