

May 8, 2025

Mr. Greg Ciaccio, P.E.
City of Round Rock – Transportation Department
3400 Sunrise Road
Round Rock, Texas 78665

Dear Mr. Ciaccio,

Bids for the **South Mays Street Wall Stabilization** project were received at your office until 2:00 pm on May 6, 2025. A total of 2 bids were received. The bids were opened and read aloud. From low bid to high bid the bids were as follows:

- | | |
|--------------------------------|----------------|
| 1. Austin Filter Systems: | \$2,046,416.20 |
| 2. Aaron Concrete Contractors: | \$2,143,143.36 |

The two bidder's submittals were checked for inclusion of the Statement of Bidder's Safety Experience and Bid Bond. Both submittals contained these items.

Aguirre & Fields, LP has checked both sets of bids, and Austin Filter Systems' bid of \$2,046,416.20 has been confirmed to be the low bid.

Based on our review, I recommend that the City move forward with the award of the project to Austin Filter Systems.

Sincerely,

A handwritten signature in blue ink that reads 'Steven Esche'.

Steven Esche, P.E.
Aguirre & Fields, LP
