

**Roadway Impact Fee Semi-Annual Report**

**BACKGROUND:**

The City Council approved the Roadway Impact Fee Ordinance on March 14, 2019, with a delayed start in fee collection. The No Fee grace period ended on December 31, 2020, and Phase 1 of fee collection began on January 1, 2021. The Roadway Impact Fee report was updated in November 2021 to update Service Areas with recent annexations. Phase 2 of the collection began on January 1, 2022. Staff will present an overview of the Roadway Impact Fee (RIF) program and implementation to date.

This item is the recommendation concerning the semi-annual Roadway Impact Fee report consistent with Section 395.058 of the Texas Local Government Code.

**DATE OF REVIEW:** November 2, 2022

**STAFF REVIEW AND ANALYSIS:**

The City Council approved the Roadway Impact Fee Ordinance on March 14, 2019, with a delayed start in fee collection. The No Fee grace period ended on December 31, 2020, and Phase 1 of fee collection began on January 1, 2021. The RIF was approved with a phased implementation.

- Grace Period No Fee (Building permit before January 1, 2021)
- Phase 1: 30% Residential, 20% Non-Residential (Final Plat before January 1, 2022)
- Phase 2: 45% Residential, 25% Non-Residential (Final Plat before January 1, 2024)
- Phase 3: 60% Residential, 30% Non-Residential (Final Plat on or after January 1, 2024)

**RECOMMENDED MOTION:**

Recommend approval of the Roadway Impact Fee Semi-Annual Report for presentation to City Council.

University Boulevard East Construction

# Roadway Impact Fee Semi-Annual Report

November 2022

## SUMMARY

The Texas Local Government Code Section 395.058 requires the Capital Improvement Advisory Committee (CIAC) to report to the political subdivision the progress of the capital improvements plan and any perceived inequities in implementing the plan or imposing the Roadway Impact Fee. Included herein is the semi-annual report for the reporting period of April 1, 2022, to October 31, 2022, which represents the second half of the City's annual Fiscal Year. The report consists of assessing the implementation of the Roadway Impact Fee, Impact Fee collection and the administrative review process now underway.

The Texas Local Government Code also requires the CIAC to advise the City on updating the land use assumptions, capital improvements plan and Roadway Impact Fees. The Items were first adopted by the City Council in March 2019, and the *City of Round Rock Roadway Impact Fee Study* was amended in November 2021. The Roadway Impact Fee includes phased adoption that include collection of fees beginning in January 2021, with Phase 2 starting in January 2022.

### Roadway Impact Fee Adoption

Final adoption of the Roadway Impact Fee occurred on March 14, 2019. The Roadway Impact Fee was adopted with a maximum fee per service unit of \$2,511, which represents the lowest calculated rate across three service areas. With the base service unit, the adoption also limited collection of fees to a percentage of the adopted unit cost over three phases of implementation. Table 1 shows the phasing and percentage of fees collected over the implementation period.

**Table 1: Impact Fee Implementation Phasing**

Phase	Residential Rate (% of Service Unit)	Non- Residential Rate (% of Service Unit)	Implementation Period (based on date of Final Plat recordation)
Grace Period	No Fee	No Fee	Building permit before January 1, 2021
Phase 1	30%	20%	Final Plat before January 1, 2022
Phase 2	45%	25%	Final Plat before January 1, 2024
Phase 3	60%	30%	Final Plat on or after January 1, 2024

The Roadway Impact Fee is assessed at the recorded plat and collected at the time of building permit issuance.

### Roadway Impact Fee Collection

Roadways Impact Fees are collected, and revenue deposited into accounts for the three service areas identified in the Roadway Impact Fee Study. The Revenue collected to date is presented in Table 2. Those services areas are identified in Figure 1.

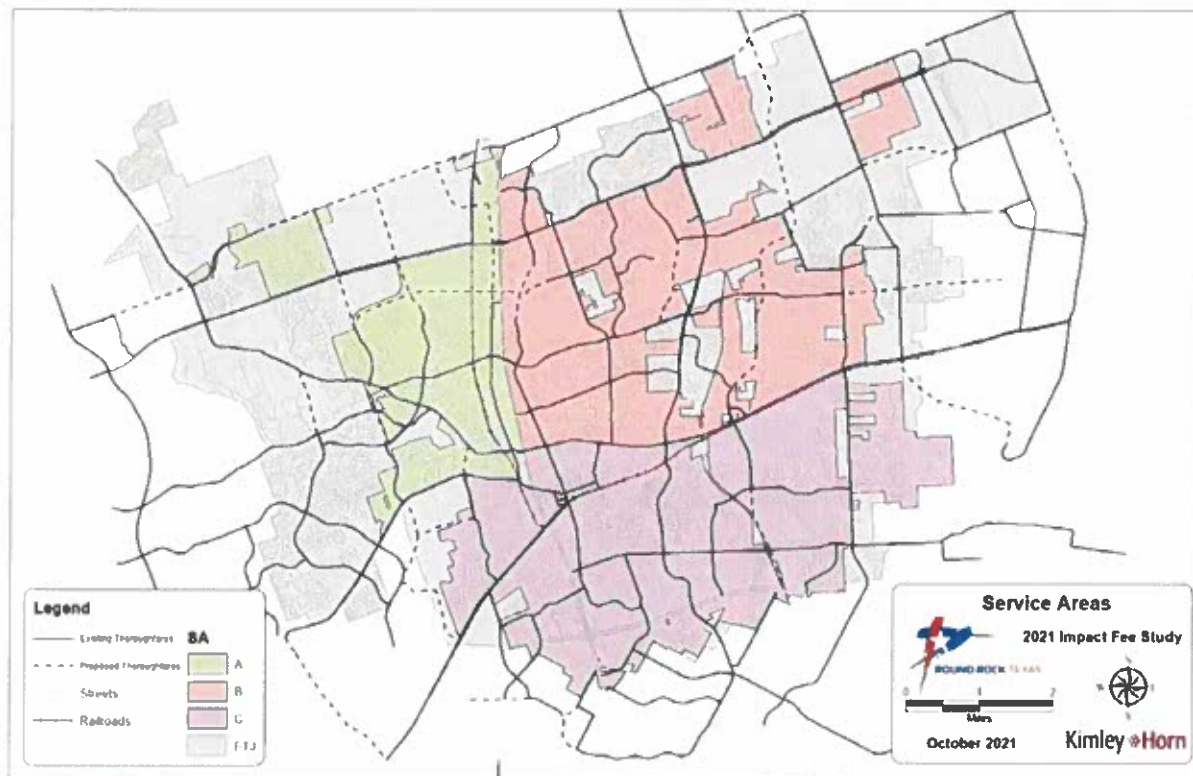

**Table 2: RIF Collection April 1, 2022, to October 31, 2022**

Service Area	Previous Revenue	Revenue April-September 2022	Total Revenue
Service Area A	\$874,544.50	\$921,195.14	\$1,795,739.64
Service Area B	\$2,299,492.28	\$1,090,044.72	\$3,389,537.00
Service Area C	\$1,270,617.93	\$1,022,001.37	\$2,292,619.30

Service Area B, generally east of IH 35 and north of E. Palm Valley (US 79), continued to provide the most development generated revenue. While Service Area A, generally west of IH 35 and north of Round Rock Avenue (RM 620) showed a substantial increase in revenue by more than doubling all previous collections. Generally, all previous revenues increased with Phase 2 rate application based on plat recordation impacting most of the non-residential fee collection. The increase in Service Area A was largely due to Single Family permits along Chisholm Trail and the Reserve at Wyoming Springs, and Industrial and Commercial developments on Chisholm Trail and RM 620.

On January 1, 2022, Phase 2 of fee implementation went into effect. Any Final Plat recorded after this date will be subject to an increase in percent of Service Unit calculated for the Roadway Impact fee. Residential rates will increase from 30% to 45% and Non-Residential rates will increase from 20% to 25% of maximum fee per service unit of \$2,511.

**Figure 1: RIF Service Areas:**

### Roadway Impact Fee Distribution

Distribution of the RIF collected to Capital Improvement Plan projects begin in the Fourth Quarter of FY 2021, the first quarter of the new budget year. The distribution by Service Area is as follows:

- Service Area A: \$122,662.00
- Service Area B: \$549,078.00
- Service Area C: \$328,260.00

The distribution of funds is being used for road debt service payments in FY 2022. Those projects are:

- Service Area A
  - Wyoming Springs Road (New Construction) (A-26) design
  - Deep Wood Drive (New Construction) (A-29) ROW preservation

- Service Area B
  - University Boulevard (Widening) (B-4) construction
  - University Boulevard (Widening) (B-8) construction
  - CR 112 Widening (B-25 & B-26) design & ROW
  - Kenney Fort Boulevard 4 (New Construction) (B-41) design
  - Old Settlers Extension (New Construction) (B-33) design & ROW
  - Red Bud North (Widening) (B-43, B-44, B-45) design
  -
- Service Area C
  - Gattis School Segment 3 (Widening) (C-21) design and ROW
  - Gattis School Segment 6 (Widening) (C-21) design and ROW
  - Kenney Fort Boulevard Segments 2 & 3 (New Construction) (C-10) construction
  - Red Bud South (Widening) (C-11 to C-19) design and ROW
  - McNeil (New Construction) (C-7) construction

Appendix A includes the Service Area Boundaries and specific projects eligible for funding with Roadway Impact Fee revenue.

The intent of the Roadway Impact Fee process is to capture revenue for a predictable implementation of the future arterial network identified in the Transportation Master Plan. Part of the success of that implementation is in the fact contributions by the development community are captured in Offset Agreements and Consent/Development Agreements. No new Offset Agreements or Consent Development Agreements have been processed in the current reporting period.

### **Impact Fee Offsets and Service Area Matters**

In May 2022, the City received the executed offset agreement in the amount of \$1,791,888.95 for the construction of Wallin Bradley Road, from A.W. Grimes Boulevard to College Park Drive. An approved Offset Agreement provides the improvement identified in the Roadway Impact Fee Study Capital Improvement Plan, in exchange for offset to fees charged to development in the Service Area. This offset has been applied to building permits issued in Stillwell at Avery Centre, and ZOM Living.

With new annexations, the potential service area boundaries may be modified. The City has initiated an update to the *City of Round Rock, Texas Roadway Impact Fee Study* to account for all annexations completed since October 2021. An Impact Fee Study update that has no impacts to the Land Use Assumptions or Methodology for Roadway Impact Fee Calculation, may be adopted on an as needed basis outside of the overall study update required at a minimum of every five years from the date of initial adoption.

## **Conclusion and Recommendation**

No significant issues have been identified with Roadway Impact Fee implementation. The Building Inspection, Finance and Transportation Departments provided excellent coordination in operating the program. If required, staff will make future recommendations on an official update to Roadway Impact Fee Ordinance before the March 2024 mandatory update schedule. While updates to the *Fee Study* could occur at any time, staff will continue to attempt to coordinate those with the Semi-Annual Reporting process when annexations into the City Limits occur.

No CIAC action or Council recommendation at this time, the *Fee Study* update is covered as a separate item. The next Roadway Impact Fee and Capital Improvement Plan Progress Report will be presented to the CIAC and the City Council in approximately six months.
