**Re: 2 Million Gallon Reuse Ground Storage Tank
Engineer's Recommendation of Award of Contract**

A total of two (2) sealed bids were received and opened on September 10, 2025 for the above referenced project. The base bids ranged from 4,194,551.00 to 4,444,206.00. DN Tanks from Grand Prairie, Texas, submitted the lowest base bid in the amount of 4,194,551.00.

After reviewing the contractor's experience and bid price, I recommend award of this project to DN Tanks. A post bid addendum was issued resulting in a deduction of \$956,468.00 to the bid alternative resulting in an alternative cost of \$151,500.00. The base bid plus the alternative is a total of \$4,346,051.00.

Sincerely,

Daniel LaCour, P.E.
Project Engineer
BGE Inc.
