

Kalahari PUD
ZONING ZON1707-001

CASE PLANNER: Brad Dushkin

REQUEST: Rezone the property from PUD #91 (Bison) to Kalahari PUD

ZONING AT TIME OF APPLICATION: PUD #91 (Bison)

DESCRIPTION: 117.53 acres out of the P.A. Holder Survey, Abstract No. 297

CURRENT USE OF PROPERTY: Undeveloped, agriculture, and office for Kalahari

GENERAL PLAN LAND USE DESIGNATION: Business Park and Commercial/Multifamily

ADJACENT LAND USE:

North: Union Pacific Railroad right-of-way and East Palm Valley Blvd. right-of-way, with assorted commercial uses across.

South: Single-family residential - Sonoma neighborhood - zoned SF-2

East: Undeveloped, agriculture - zoned AG - proposed Kalahari PUD

West: South Kenney Fort Blvd. right-of-way and undeveloped across -zoned PUD #91 (Bison)

PROPOSED LAND USE: Resort hotel, convention center, indoor and outdoor water park, indoor and outdoor family entertainment center, and other mixed uses

TOTAL ACREAGE: 117.53

Owner:

Kalahari PUD
ZONING ZON1707-001

BACKGROUND: The Kalahari PUD is proposed to apply to multiple properties which have various existing zoning designations, necessitating three (3) ordinances and staff reports. This staff report applies to the property that is currently zoned Planned Unit Development #91 (Bison).

The Bison property was annexed in 2006 and provided with AG zoning. The current zoning was adopted in 2012 with the vision of developing the PUD area into a high density, urban-style mixed-use center. Permitted land uses include retail, office, hotels, multifamily, single-family attached dwelling units, manufacturing, and warehousing. The maximum height is 15 stories and all development was envisioned to be developed using Traditional Neighborhood Development (TND) principles, entailing buildings constructed at the front lot lines, wide sidewalks, parking in the rear, and clustering of retail and service uses to minimize vehicle trips.

The current zoning proposal will rezone the property to permit Kalahari Resorts to construct a new resort hotel and convention center with indoor and outdoor water parks, an indoor and outdoor family entertainment center, employee housing, and other commercial uses which could potentially serve as local and regional attractors. City Council and Kalahari Resorts entered into a series of agreements in 2016 to bring the resort in Round Rock. The city owns the land and will own the convention center, but Kalahari will act as the master developer of the entire site.

The property has not been platted. The Concept Plan is contained within the PUD, and the preliminary and final plats are on the meeting agenda.

DATE OF REVIEW: March 7, 2018

LOCATION: Southeast of the intersection of South Kenney Fort Blvd. and East Palm Valley Blvd.

STAFF REVIEW AND ANALYSIS:

PUD Uses:

Land uses permitted in the PUD include:

- Resort hotel
- Convention Center
- Indoor and outdoor water parks
- Indoor and outdoor family entertainment centers – may include such uses as arcade games, go-cart tracks, rock climbing walls, miniature golf, carnival rides, batting cages, bowling alley, trampoline park, laser tag, and a ropes course.
- Wedding venue
- Spa
- Pet resort (boarding and grooming facility)
- Restaurants/bars
- Retail sales and services, including fuel sales
- Golf entertainment venue
- Mobile food establishments
- Dormitory-style employee housing
- Hotels/motels
- Cinema

Kalahari PUD
ZONING ZON1707-001

- Aquarium
- Day care
- Campgrounds

Development Standards

Maximum building height on the property varies with how far away from the adjacent neighborhoods a building is constructed. Buildings greater than 750 feet from the southern property line have a maximum height of 180 feet, while buildings less than 750 feet from the southern property line have a maximum height of 75 feet. This is a significant increase from base zoning standards. In the C-1a district, a 180-foot tall building would only be required to be setback approximately 210 feet from an adjacent single-family land use.

The PUD contains renderings of the proposed resort hotel and convention center which serves to demonstrate how the buildings will fulfill the design standards. In addition to the exterior wall materials permitted in the C-1a zoning district, exterior insulating finishing systems (EIFS), pre-cast concrete panels, and decorative concrete tilt-wall will be permitted. There are no limits to any particular material, which enables any material to be used on up to 100% of the total exterior wall. The applicant has stated they will use multiple materials in varying amounts, which is depicted on the attached renderings. However, these design standards will apply to other developments on the remainder of the PUD area as well, whether employee housing, a smaller hotel by a different brand, or a fast food restaurant.

Compatibility

The noise ordinance in Chapter 14 of the Code of Ordinances will apply without exception to the entire property. Additionally, no speakers used for amplified music and non-emergency messaging will be permitted within 500 feet of the southern lot line.

They typical compatibility buffer (consisting of a decorative masonry wall and large species trees) will not be required along the western two-thirds of the property due to the presence of dramatic elevation variation and existing vegetation. Requiring the buffer in this area would serve no practical purpose. The buffer will be required in the eastern portion of the property for any development built within 500 feet of the southern lot line, approximately across Brushy Creek from the Forest Grove neighborhood. Here the floodplain is much narrower and the neighborhood is at a similar elevation to the PUD area. The buffer could be waived by the Planning and Development Services director if the site plan demonstrates impacts will be negligible or if existing or proposed vegetation will provide an adequate screen. An exhibit depicting the area where the buffer is required is included in the PUD.

Traffic, Access and Roads:

A traffic impact analysis (TIA) has been completed and approved. Transportation improvements that will occur with the initial construction of the resort hotel and convention center include:

- Extension of Harrell Parkway south into the property;
- A new public minor arterial roadway called Kalahari Boulevard to connect S. Kenney Fort Blvd. and the extension of Harrell Parkway, with a traffic signal at the intersection;
- A traffic signal at the intersection of Kalahari Blvd. and S. Kenney Fort Blvd.;
- Two deceleration lanes for traffic moving east on E. Palm Valley Blvd. and turning south into the property, containing stacking space well exceeding a typical intersection;
- Two left turn lanes for westbound traffic on E. Palm Valley Blvd. at Harrell Parkway, containing stacking space well exceeding a typical intersection;
- The extension of the existing left turn lane for westbound traffic on E. Palm Valley Blvd. at the Brushy Creek Regional Wastewater Treatment Plant, containing stacking space well exceeding

Kalahari PUD
ZONING ZON1707-001

- a typical intersection; and
- Deceleration lanes on S. Kenney Fort Blvd. at both Kalahari Blvd and at the driveway leading into the convention center.

Future transportation improvements include:

- A second public minor arterial roadway through the Kalahari site, named Africa Lane, which will replace the existing road at the Brushy Creek Regional Wastewater Treatment Plant on the east side of the property. The intersection of Africa Lane and E. Palm Valley Blvd. will eventually be signalized;
- Extension of Kalahari Blvd. from Harrell Parkway to Africa Lane; and
- Extension of Kenney Fort Blvd. south to State Highway 45 and north to Old Settlers Blvd. (and eventually into Georgetown).

Drainage and Floodplain:

A total of four (4) detention ponds are planned to handle the storm water runoff that will be generated by the improvements on the resort hotel site and with the new public roads planned for the initial phase of construction. Taken together, this storm water management system will ensure that runoff to Brushy Creek occurs at a rate as if the land remained undeveloped, preventing undue adverse impacts to upstream and downstream properties. Future development in the PUD area will have to provide similar measures or prove the existing regional stormwater management system has the capacity to handle the new runoff.

Kalahari completed a flood study, which was approved by the city in 2017, delineating the land within the ultimate 1% annual chance floodplain. This floodplain creates a vast area in the southern portion of the property that is essentially undevelopable.

Public Process

Numerous city departments have worked together to raise and maintain public awareness of the Kalahari project. A dedicated and frequently updated website contains details about the development timeline, agreements between the city and Kalahari, and addresses potential concerns of the development, among other information. In May 2017, two open houses were held at Ridgeview Middle School which drew a combined 140 attendees. City staff and Kalahari representatives were present to provide information and answer questions. Following the open houses, a 6-page document was created and posted to the website summarizing and addressing the concerns raised by attendees. Finally, the city's Community Development and Neighborhood Services division has maintained constant contact with the adjacent neighborhoods to provide updates regarding the PUD process. This included facilitating a meeting in January 2018 between Kalahari representative, city officials, and leadership of nearby neighborhood HOAs.

General Plan and Zoning:

The General Plan currently designates the property for business park and commercial/multifamily uses, however approval of the PUD includes a General Plan amendment.

RECOMMENDED MOTION:

Staff recommends approval.

**DEVELOPMENT PLAN
PLANNED UNIT DEVELOPMENT NO. ____**

**I.
GENERAL PROVISIONS**

1.01 CONFORMITY WITH DEVELOPMENT STANDARDS

All uses and development within the Property, as defined herein, shall conform to the Development Standards included herein.

1.02 ZONING VIOLATION

Any person, firm, corporation or other entity violating any conditions or terms of this Plan shall be subject to any and all penalties for the violation of any zoning ordinance provisions as stated in Section 1-9, Code of Ordinances, City of Round Rock, Texas, as amended.

**II.
DEVELOPMENT STANDARDS**

2.01 DEFINITIONS

Except to the extent in conflict with this Plan, words and terms used herein shall have their commonly understood meaning, or as defined in the applicable provisions of the City of Round Rock Code of Ordinances, as amended, hereinafter referred to as "the Code."

2.02 PROPERTY

This Plan covers four tracts of land described as follows:

Tract 1: 117.530 acres known as Tract 1 of the Bison tract, as more fully described in Exhibit "B-1", attached hereto;

Tract 2: 61.496 acres known as the Keller/Johnson tract, as more fully described in Exhibit "B-2", attached hereto;

Tract 3: 156.769 acres known as the Krienke tract, as more fully described in Exhibit "B-3", attached hereto; and

Tract 4: Lot 1 of the Bertil Telander Subdivision, an addition in and to the City of Round Rock, recorded in Cabinet H, Slide 126, Plat Records, Williamson County, Texas, and Correction of Plat Dedication recorded in Volume 1419, Page 416, Official Records of Williamson County, Texas, known as the Boyles tract, as depicted on Exhibit "B-4".

The foregoing four tracts of land are collectively referred to herein as the "Property".

2.03 APPLICABILITY OF CITY ORDINANCES

A. Zoning Ordinances

The Property shall be regulated for purposes of zoning by this Plan. All aspects not specifically covered by this Plan shall be regulated by the **C-1a (General Commercial – Limited)** zoning district and other sections of the Code, as applicable and as amended. In the event of a conflict between this Plan and the Code, the terms of this Plan shall control.

B. Other Ordinances

All other Ordinances within the Code, as amended, shall apply to the Property except as clearly modified by this Plan. In the event of a conflict, the terms of this Plan shall control.

2.04 PERMITTED USES

The uses listed below are permitted by right and are in addition to the uses applicable to the C-1a (General Commercial – Limited) zoning district.

- (1) Resort hotel
- (2) Convention center, which will include related activities by the owner and/or operator of the convention center, convention attendees and others, such as entertainment and retail sales
- (3) Indoor water park
- (4) Outdoor water park
- (5) Indoor family entertainment center
- (6) Outdoor family entertainment center
- (7) Wedding venue
- (8) Spa
- (9) Pet resort/small animal day care and boarding facility, where animals are not left outside overnight
- (10) Restaurants/bars, which will include related activities such as performance spaces and may have drive-through service
- (11) Retail sales and services
- (12) Golf entertainment venue
- (13) Mobile food establishments
- (14) Employee housing
- (15) Hotel/motel
- (16) Fuel sales/convenience store
- (17) Cinema
- (18) Aquarium
- (19) Day care
- (20) Campgrounds

2.05 PERMITTED TEMPORARY USES

Uses that are temporary and directly related to the Resort Hotel and/or Convention Center conventions, meetings, events or activities are permitted. The following are examples of such permitted temporary uses.

- (1) Boat sales
- (2) Camper sales
- (3) Flea markets
- (4) Truck, truck trailer, and semitrailer parking
- (5) Automotive parts
- (6) Automotive sales
- (7) Portable building sales
- (8) Heavy equipment sales, rental, and leasing

2.06 PROHIBITED USES.

Except as set forth in Section 2.05, the uses listed below are prohibited.

- (1) Automotive or machinery services and repair
- (2) Automotive or machinery washes
- (3) Automotive parts as a primary use
- (4) Automotive sales as a primary use
- (5) Boat sales as a primary use
- (6) Bulk distribution centers
- (7) Camper sales as a primary use
- (8) Donation centers
- (9) Flea markets as a primary use
- (10) Heavy equipment sales, rental, and leasing as a primary use
- (11) Industrial building sales
- (12) Manufactured home sales
- (13) Outdoor kennels, defined as kennels where animals are left outside overnight
- (14) Pawn shops
- (15) Portable building sales as a primary use
- (16) Recreational vehicle parks
- (17) Recycling centers
- (18) Sexually oriented businesses
- (19) Shooting ranges
- (20) Tattoo parlors
- (21) Truck, truck trailer, and semitrailer parking as a primary use
- (22) Truck service or repair
- (23) Truck stops
- (24) Trucking terminals
- (25) Wholesale nurseries
- (26) Wrecking yards.

2.07 SPECIAL DEFINITIONS

A. *Resort Hotel* shall include the definition of “overnight accommodations” in Section 46-5 of the Code in addition to the following list of ancillary uses and activities, and including those uses and activities that are similar in nature:

- (1) Herb farm/livestock/Sunday house
- (2) Orchards
- (3) Trams or other devices for moving visitors and/or luggage from one part of the Property to another, whether on rails or not
- (4) Nyumba villas, defined as freestanding guest houses located on the resort grounds outside the primary hotel building, which may have their own separate kitchen facilities
- (5) Recreational lake and/or pond
- (6) Water taxis
- (7) Seasonal entertainment enhancements such as holiday lighting, pyrotechnics, and audio
- (8) On-street entertainment provided by individuals such as jugglers, balloon artists, mimes, magicians, etc.
- (9) Small-scale performance spaces
- (10) Hot air balloon rides
- (11) Parades on land and in water
- (12) Bicycle paths and rentals
- (13) Endurance events such as marathons and fun runs
- (14) Petting zoo
- (15) Horseback riding
- (16) Sky Trackers, which shall be limited to special events
- (17) Media Matrix Audio-Video Control Systems
- (18) Vineyards, related production facilities and ancillary uses
- (19) Event barn, defined as a free-standing rental space
- (20) Use of welders, torches or glass blowing furnaces and other similar equipment, whether indoors or outdoors by artists.

B. *Indoor family entertainment center* shall include all “indoor entertainment activities” listed in Section 46-5 of the Code in addition to the following list of uses and activities, and including those uses and activities that are similar in nature:

- (1) Arcade games
- (2) Rides
- (3) Trampoline park
- (4) Bowling alley
- (5) Laser tag
- (6) Go-cart track
- (7) Rock climbing walls
- (8) Ropes course, which may include a zip line
- (9) Miniature golf.

C. *Outdoor family entertainment center* shall include participatory recreation and entertainment uses such as the following list of uses and activities, and including those uses and activities that are similar in nature:

- (1) Carnival and other rides
- (2) Ropes course, which may include a zip line
- (3) Go-cart track
- (4) Sky tram rides or similar elevated, automated methods of transporting guests
- (5) Miniature golf
- (6) Batting cages
- (7) Rock climbing walls
- (8) Trampoline park.

D. *Employee housing* shall mean dormitory or multifamily style housing buildings primarily for employees of businesses located on the Property. Employee housing may include daycare facilities for employees.

E. *Golf entertainment venue* shall include high-tech golf-related games with on-site food and beverage service.

2.08 BUILDING AND DEVELOPMENT STANDARDS

A. Height and Setback Standards

- (1) All buildings and structures located more than 750 feet from the southern boundary of the Property shall have a maximum height of 180 feet.
- (2) All buildings and structures located 750 feet or less from the southern boundary of the Property shall have a maximum height of 75 feet.
- (3) Zip lines and other rides and attractions within 500 feet of the southern boundary of the Property shall have a maximum height of 150 feet. Zip lines and other rides and attractions located more than 500 feet of the southern boundary of the Property shall not be subject to any height restrictions.
- (4) There shall be no separation requirements between buildings or structures on the Property, except as required by applicable building and fire codes.

B. Building Materials

- (1) Exterior insulating finishing systems("EIFS") is permitted.
- (2) The use of painted, decorative concrete tilt-wall and pre-cast wall panels is permitted.
- (3) Standing seam metal is permitted as a roofing material.

- (4) Finished metal (including painted metal) is permitted for maintenance equipment and similar buildings and for walls designed to be removed in connection with future expansion. Certain walls in the convention center and indoor family entertainment center are currently designed to be removed in connection with future expansion.
- (5) All other materials shall be in compliance with the C-1a zoning district, but with no particular minimum or maximum amount of glass, stone or other masonry.

C. Building Design

- (1) The preliminary building design conceptually depicted on the attached Exhibit "B-5" shall fulfill the architectural requirements for building articulation, elevation variation, orientation, and glazing.

2.09 PARKING, DRIVE AISLES, ACCESS DRIVES AND FIRE LANES

- A. Two thousand, five hundred (2,500) parking spaces are required for the resort hotel, convention center, indoor and outdoor water park, and indoor and outdoor family entertainment center.
- B. No parking is required for employee housing.
- C. For subsequent development or expansions, shared parking for the Property shall be permitted and taken into account when determining how Section 46-196 of the Code applies. More parking spaces than required may be added at the discretion of the developer.
- D. Interior parking lot drive aisles may be a minimum of 24 feet in width if parking stalls taking access from the narrowed aisles are a minimum of 9 feet and 6 inches wide. Where parking stalls are less than 9 feet and 6 inches wide, all drive aisles shall be a minimum of 26 feet wide. No parking stalls shall be narrower than 9 feet wide.

III.
OTHER STANDARDS

3.01 BUFFER WALL AND SCREENING

No buffer wall shall be required on the southerly lot boundary for any development which is located on the western portion of the Property, as depicted on Exhibit "B-6" to this Plan.

A six-foot masonry buffer wall shall be required on the southerly lot boundary for all development which is located within 500 feet of the southern boundary line of the eastern portion of the Property, as depicted on Exhibit "B-6" to this Plan. The buffer wall shall otherwise meet the requirements of Section 46-200 (f) (2) of the Code. The Zoning Administrator shall have the authority to waive

this requirement (including the requirement that the wall be made of masonry) if at least one of the following conditions are met:

- (a) The Zoning Administrator determines that due to the site plan layout, potential adverse impacts will be negligible; or
- (b) The Zoning Administrator determines that existing and/or proposed vegetation will serve as an adequate buffer.

The screening of rooftop mechanical equipment shall not be required on any roof of the resort hotel or convention center. Detention pond screening is not required for ponds located south of the resort and adjacent to the floodplain.

3.02 NOISE

Speakers used for outdoor amplified music or non-emergency public-address systems are prohibited within 500 feet of the southern boundary line of the Property.

3.03 SIGNS

- A. One double sided pylon sign with an electronic messaging center ("EMC") shall be permitted along East Palm Valley Blvd. to serve the entire property. The maximum height shall be 60 feet, with maximum EMC display area of 740 square feet per side and maximum total sign display area of 1,085 square feet per side.
- B. Two double sided EMC signs shall be permitted along Kenney Fort Blvd. to serve the entire Property. The northern sign may be a pylon sign or monument sign with maximum height of 43 feet, EMC display area up to 435 square feet per side, and maximum total sign display area of 780 square feet per side. The southern sign may be a pylon sign or monument sign with maximum height of 20 feet. The maximum EMC display area shall be 140 square feet and the total display area shall not exceed 200 square feet per side.
- C. Animated Signs, as that term is defined in Sec. 30-4 of the Code, as amended, are prohibited.
- D. All public roads within the Property shall be considered Commercial Roadways for the purpose of sign regulation in Chapter 30 of the Code, as amended.
- E. Wayfinding signs for the Property, which do not adversely impact traffic safety as determined in the sole discretion of the Director of Transportation, shall be permitted in the rights-of-ways of public streets within the Property. Permission for these signs will be granted by and through the City's standard license agreement.
- F. In addition to the signs listed above, twelve (12) building and freestanding signs, excluding pylon signs, each with a maximum display area of 1,000 square feet per side shall be permitted on the Property.

- G. The Zoning Administrator shall have the authority to grant specific exceptions to the sign regulations in Chapter 30 of the Code if the Zoning Administrator finds that the following conditions exist:
- (1) there are no associated vehicular safety issues that would result from the location or size of the sign;
 - (2) the sign is compatible with the surrounding development; and
 - (3) the sign does not result in reduced compliance with regulations in other chapters of the Code.

3.04 LIGHTING

- A. LED lighting shall be permitted.
- B. The height of freestanding light fixtures shall not exceed 40 feet in the Resort Hotel and Convention Center parking areas, excluding Nyumba parking.
- C. The height of freestanding light fixtures shall not exceed 25 feet in all other areas.

3.05 ALCOHOL SALES

There shall be no limit on the number of bars. The days or hours of alcoholic beverage service, or the manner of alcoholic beverage service on the Property, whether for bars, restaurants or otherwise, shall be governed by the laws, rules and regulations of the Texas Alcoholic Beverage Commission.

IV. CHANGES TO DEVELOPMENT PLAN

4.01 MINOR CHANGES

Minor changes to this Plan which do not substantially and adversely change this Plan may be approved administratively if approved in writing by the Director of Planning and Development Services and the City Attorney. If the Code is amended on or after January 1, 2018, changes to this Plan that incorporate prior Code provisions (if approved in writing by the Director of Planning and Development Services and the City Attorney) shall be considered minor changes subject to the prior sentence.

4.02 MAJOR CHANGES

All changes not permitted above shall be resubmitted following the procedure required by the Code, as amended.
