INTERLOCAL AGREEMENT FOR COMPLETING DESIGN SERVICES AND CONSTRUCTION RELATED TO THE LOCATION OF CITY OF ROUND ROCK WATER LINE IMPROVEMENTS ALONG SAM BASS ROAD

THE STATE OF TEXAS §
 § KNOW ALL BY THESE PRESENTS:
COUNTY OF WILLIAMSON §

THIS INTERLOCAL AGREEMENT REGARDING THE LOCATION OF WATER SYSTEM IMPROVEMENTS ("Agreement") is entered into between the City of Round Rock, Texas, a Texas municipal corporation (the "**City**") and Williamson County, a political subdivision of the State of Texas (the "**County**"). In this Agreement, the City and the County are sometimes individually referred to as "**a Party**" and collectively referred to as "**the Parties**".

WHEREAS, the County is and has been in the process of making road improvements to Sam Bass Road from its intersection with RM 1431 to Wyoming Springs Road (the "County Project"); and

WHEREAS, the proposed County Project includes the widening of the right-of-way on Sam Bass Road; and

WHEREAS, the City desires to facilitate the construction of a new 42" waterline at the location shown on Exhibit "A", attached hereto (the "City Waterline"); and

WHEREAS, in connection with the construction of the roadway improvements, the County and the City desire to locate the City Waterline into new easements abutting Sam Bass Road; and

WHEREAS, the City desires to cooperate with the County to facilitate the simultaneous construction of the roadway improvements and the City Waterline; and

NOW, THEREFORE, in consideration of the foregoing premises and the mutual promises and agreements of the Parties contained in this Agreement, the Parties agree as follows:

I. PURPOSE

1.01 General. The purpose of this Agreement is to provide for the County's location and construction of the City Waterline in conjunction with the construction of the County Project, based on the terms and conditions stated herein.

1.02 Continuation of Service. The County agrees that the City Project shall be undertaken so as to minimize any disruption of water service to existing City customers and will not result in the permanent loss of water service to any such customers.

II. CONSTRUCTION OF CITY PROJECT

2.01 County Obligations. The County shall construct all physical improvements that constitute the City Project, except as stated herein. The County will jointly bid the City Project and construct it concurrently with the County Project.

2.02 City Obligations. The City shall be responsible for all costs associated with the preliminary and final design related to the City Project. The City shall submit project plans and specifications and a utility permit application to the County for approval prior to bidding and contract award.

2.03 City Payment. The City will pay the County for the full amount of the City Waterline construction using the following payment schedule:

- 30% within 30 days after contract award.
- 30% when construction of the City Waterline is 30% complete as determined by the value of the work completed to date against the contract amount.
- 30% when construction of the City Waterline is 60% complete as determined by the value of the work completed to date against the contract amount.
- Final 10%, including any adjustments for change orders, at substantial completion of the City Waterline.

2.04 Inspection. The City may inspect the relocation of the City Project during construction. Upon receipt of notification from the City that the City's inspectors determine the construction by the County is not in accordance with the approved project plans, the County shall cease construction until the deficiency can be identified and a corrective plan of construction implemented with the agreement of the City.

2.05 Permits. Except as specifically stated herein, the County shall not be responsible for obtaining permits, if any, required for the construction of the City Project.

2.06 Insurance, Bonds and Warranties. The County shall require the contractor for the Project to name the City as an additional insured on any policies related to the City Project. The County shall require the contractor to provide performance bonds, payment bonds and maintenance bonds in favor of the City for the City Project in amounts satisfactory to the City. The County shall transfer any warranties for the City Project to the City upon final completion and acceptance of the project.

2.07 Easements. The City Waterline will be located into private easements acquired by the City at the City's sole expense. The City will coordinate with the County to acquire the easements as expeditiously as possible. If any of the City Project lies within new or existing County

right-of-way, the City shall be solely responsible for repairing, replacing or relocating the waterline, subject to County approval.

2.08 Acceptance of City Project. After the City accepts the City Project, the City will own and maintain the City Project, without need of formal conveyance.

2.09 Change Orders. The County will present all change orders regarding the City Project to the City for approval prior to acceptance by the County.

III. DISPUTES

3.01 Material Breach; Notice and Opportunity to Cure.

(a) In the event that one Party believes that another Party has materially breached one of the provisions of this Agreement, the non-defaulting Party will make written demand to cure and give the defaulting Party up to 30 days to cure such material breach or, if the curative action cannot reasonably be completed within 30 days, the defaulting Party will commence the curative action within 30 days and thereafter diligently pursue the curative action to completion. Notwithstanding the foregoing, any matters specified in the default notice which may be cured solely by the payment of money must be cured within 10 days after receipt of the notice. This applicable time period must pass before the non-defaulting Party may initiate any remedies available to the non-defaulting party due to such breach.

(b) Any non-defaulting Party will mitigate direct or consequential damage arising from any breach or default to the extent reasonably possible under the circumstances.

(c) The Parties agree that they will negotiate in good faith to resolve any disputes and may engage in non-binding mediation, arbitration or other alternative dispute resolution methods as recommended by the laws of the State of Texas.

3.02 Equitable Relief. In recognition that failure in the performance of the Parties' respective obligations could not be adequately compensated in money damages alone, the Parties agrees that after providing notice and an opportunity to cure in accordance with Section 4.01 above, the Parties shall have the right to request any court, agency or other governmental authority of appropriate jurisdiction to grant any and all remedies which are appropriate to assure conformance to the provisions of this Agreement. The defaulting Party shall be liable to the other for all costs actually incurred in pursuing such remedies, including reasonable attorney's fees, and for any penalties or fines as a result of the failure to comply with the terms including, without limitation, the right to obtain a writ of mandamus or an injunction requiring the governing body of the defaulting party to levy and collect rates and charges or other revenues sufficient to pay the amounts owed under this Agreement.

3.03 Agreement's Remedies Not Exclusive. The provisions of this Agreement providing remedies in the event of a Party's breach are not intended to be exclusive remedies. The

Parties retain, except to the extent released or waived by the express terms of this Agreement, all rights at law and in equity to enforce the terms of this Agreement.

IV. GENERAL PROVISIONS

4.01 Authority. This Agreement is made in part under the authority conferred in Chapter 791, *Texas Government Code*.

4.02 NO LIABILITY OR WARRANTY OF SERVICES. 4.03 Term. This Agreement shall commence upon execution of this Agreement and shall end upon the City's acceptance of the City Project.

4.04 Severability. The provisions of this Agreement are severable and, if any provision of this Agreement is held to be invalid for any reason by a court or agency of competent jurisdiction, the remainder of this Agreement will not be affected and this Agreement will be construed as if the invalid portion had never been contained herein.

4.05 Default and Remedies. If Round Rock fails to pay for services under this Agreement, and continues such failure for thirty (30) days after the County provides written notice to cure, Round Rock shall be deemed to be in default under this Agreement. In the event that the County defaults under this Agreement, and such default is not cured, Round Rock may, in addition to any other remedy at law or in equity, immediately terminate this Agreement or seek specific performance of this Agreement.

4.06 Payments from Current Revenues. Any payments required to be made by a Party under this Agreement will be paid from current revenues or other funds lawfully available to the Party for such purpose.

4.07 Cooperation. The Parties agree to cooperate at all times in good faith to effectuate the purposes and intent of this Agreement.

4.08 Entire Agreement. This Agreement contains the entire agreement of the Parties regarding the subject matter hereof and supersedes all prior or contemporaneous understandings or representations, whether oral or written, regarding the subject matter and only relates to those portions of the City Project referred to herein.

4.09 Amendments. Any amendment of this Agreement must be in writing and will be effective if signed by the authorized representatives of the Parties.
