Hesters 4 Planned Unit Development (PUD)
PUD ZON2210-002

HISTORY: The property is currently vacant and zoned C-1 (General Commercial).

DATE OF REVIEW: November 2, 2022

LOCATION: Northwest corner of Hesters Crossing Road and Rawhide Drive

STAFF REVIEW AND ANALYSIS:

Comprehensive Plan and Zoning: The 2030 FLUM (Future Land Use Map) designates the property for commercial uses. If adopted, the PUD will amend the FLUM for the subject area to mixed use to accommodate the proposed residential development with ground floor commercial space.

The Mixed-Use land use designation is used for any parcel or tract of land that is appropriate for the combination of residential and complementary non-residential land uses. Mixed-use can be on a large site with the uses combined on the site or on a small site with the uses combined in a single building.

The site is situated between existing low density multi-family residential development to the west (The Crossings Condominiums) and a large commercial strip (Sky Ridge Plaza) located on the opposite side of Rawhide Drive to the east. The mixed-use land use designation is appropriate for this parcel because it will provide a transition from the more intense shopping center to the neighborhood to the west. The ground floor commercial space will serve the building and the surrounding community with limited general commercial uses that are compatible with the adjacent residential development.

Location criteria: The Round Rock 2030 Comprehensive Plan provides location criteria for each land use category. Pertinent to the subject property, the Plan states that urban multifamily development should be located near employment centers or major transportation or commercial nodes. The proposed PUD complies with the above-listed location criteria.

Traffic, Access, and Roads: The property has proposed access from Hesters Crossing Rd. and Rawhide Dr. as depicted on the Concept Plan (Exhibit B). The project will be subject to the Roadway Impact Fee regulations. The location of driveways and potential deceleration lanes will be determined during site plan review, in accordance with city standards.

Proposed PUD (Planned Unit Development) zoning: The PUD proposes a multi-family urban residential building with ground level commercial space facing Rawhide Dr. and structured parking garage.

The urban multifamily development will have a maximum of 276 residential units and a maximum building height of five (5) stories. Two (2) additional stories of parking will be located in the below grade portion of the parking garage. The PUD incorporates the requirements of the MF-3 (Multifamily – Urban) zoning district, which include structured parking, balconies on at least 25% of all dwelling units, internal stairways, amenities and streetscape and landscape features. The development will provide five amenities, one more than is required by the MF-3 district.

At least 95% of the required residential parking will be provided in multi-level parking structure which will be directly attached to and integrated into the residential structure. The design elements of the building shall substantially comply with the depictions contained in Exhibits 'C' and 'D', including, but not limited to elevation variation, roof pitch, and orientation.

**Hesters 4 Planned Unit Development (PUD)
PUD ZON2210-002**

The commercial space is located on the ground level of the multi-family residential structure, instead of on a separate parcel area that would require separate development regulations, with the exception of parking requirements and allowable uses. The allowable uses for the commercial space can be found in the C-1 (General Commercial) district standards which list specific uses that are prohibited or allowed. Additional prohibited uses have been included in the PUD development standards to further ensure compatibility with the residential development.

RECOMMENDED MOTION:

Staff recommends approval of the PUD.

II.
DEVELOPMENT STANDARDS

1. DEFINITIONS

Words and terms used herein shall have their usual force and meaning, or as defined in the City of Round Rock Code of Ordinances, as amended, hereinafter referred to as “the Code”. This PUD Development Plan shall hereinafter be referred to as “the Plan.”

2. PROPERTY

This Plan covers approximately 4.17 acres of land, located within the City of Round Rock, Texas, and more particularly described in **Exhibit A**, hereinafter referred to as “the Property.”

3. PURPOSE

The purpose of this Plan is to ensure a PUD that: 1) is equal to, superior than and/or more consistent than that which would occur under the standard ordinance requirements, 2) is in harmony with the General Plan, as amended, in effect on the date of this ordinance 3) does not have an undue adverse effect upon adjacent property, the character of the neighborhood, traffic conditions, parking, utilities or any other matters affecting the public health, safety and welfare, 4) is adequately provisioned by essential public facilities and services, and 5) will be developed and maintained so as not to dominate, by scale or massing of structures, the immediate neighboring properties or interfere with their development or use.

4. APPLICABILITY OF CITY ORDINANCES

4.1. Zoning Ordinance

All aspects not specifically covered by this Plan shall be regulated by the **MF-3 (Multi - Family Urban)** and the **C-1 (General Commercial)**, as amended. If there is a conflict between this Plan and the Code, this Plan shall supersede the specific conflicting provisions of the Code.

4.2. Other Ordinances

All other Ordinances within the Code, as applicable and as amended, shall apply to the Property, except as clearly modified by this Plan. In the event of a conflict, the terms of this Plan shall control.

5. CONCEPT PLAN

Exhibit “B” shall serve as the Concept Plan for the project, in accordance with Section 10-26 of the Code.

6. COMPREHENSIVE PLAN

This development plan shall amend the Future Land Use Map of the Round Rock 30 Comprehensive Plan land use designation to mixed use.

7. PERMITTED & PROHIBITED USES

7.1. Urban Multi-Family

- (1) All uses permitted in the **MF-3 (Multifamily- Urban)** zoning district: the multifamily development shall conform with the requirements of the district, unless otherwise specified by this Plan.
- (2) A minimum of 45 living units per acre.
- (3) A maximum of 276 units are permitted.
