**\*\*REVISED #2\*\***

**RE: BRUSH COLLECTION SITES WITHIN ROUND ROCK**

*(NOTE: Final price will be based on total acreage size. If prior arrangements have been made negating the above statement, the details will be enclosed in this proposal.)*

Austin Wood Recycling proposes to clear, grind, and haul (or combination thereof) wood waste material. Please note these prices are figured for loose, non-compacted wood waste disposal only. Dirt, rock and/or any other foreign or man-made materials are not included in this bid. **NOTE: Grinding operations may cause a dusty environment. If customer pushes brush too close to housing (i.e. +/- 300 feet), causing the need for a water truck to suppress the dust, there will be an extra charge for Austin Wood Recycling to supply one. However, Contractor may provide their own, at no cost to Austin Wood Recycling, and in no case may it slow down our grinding operation. Please sign and return this proposal for our files.** Your options are as follows:

**Grind Only clean brush through 5x7 screens:**

We will grind and leave the mulch where it drops. The general contractor is responsible for all clearing, grubbing & consolidating material. Material must be free of rock & dirt as possible. Brush piles should be pushed into loose piles which are easily accessible for a low clearance (low boy style) tub grinder. The cost for this service will be:

**\$1.68 per cyd, plus tax if applicable**

**Note:** Brush and trees must be clean of metal and hard foreign debris.

**Load & Haul mulch to our TCEQ certified recycling facility (Mulch must be clean of foreign debris):**

**\$9.50 per cyd, plus tax if applicable**

**Grind Only by the day (Clean brush):**
