**RE:** FY2025 HPC Priority Goals

---

The HPC will consider adopting its annual goals for FY2025 at the meeting on October 15, 2024. These goals are focused priorities for the next year and are based on current activities of the preservation program. They were developed with the HPC's mission statement in mind:

**HPC Mission Statement:** To Preserve, Protect, and Promote the City of Round Rock's Historical Resources through Preservation, Public Education, Heritage Tourism, and Community Partnerships.

The following document lists the goals that the HPC formulated at its annual work session on September 17, 2024. At the November meeting, please consider any amendments you would like to make, if any. Staff recommends adopting the goals with a vote once you are satisfied with the language.

Once the HPC adopts its annual goals, they will be sent to the Texas Historical Commission as part of the city's Certified Local Government certification requirements.
