**Mayfield Ranch Enclave - Lot 27
FINAL PLAT FP1503-001**

HISTORY: The Planning and Zoning Commission approved the Preliminary Plat in June 2011.

DATE OF REVIEW: April 1, 2015

DESCRIPTION: 3.58 acres out of the Ephraim Evans Survey, Abstract No. 212.

LOCATION: Northeast corner of Mayfield Ranch Blvd and FM 1431

STAFF REVIEW AND ANALYSIS:

General Plan and Zoning

The tract is one lot out of a phased Preliminary Plat. The tract is comprised of approximately 3.5 acres east of the northeast corner of F.M. 1431 and Mayfield Ranch Road. The proposal is to create a single office or senior housing development lot, as allowed per the approved PUD.

The PUD standards adopted in 2010 include requiring the exterior finish of the buildings to be native stone similar to the color and quality of the stone used within the Mayfield Ranch subdivision. Signage is also limited to monument-style signage with a native stone base. The request conforms to both the approved PUD and the approved Revised Preliminary Plat.

Traffic, Access and Roads

Access for Lot 27 as well as the larger Preliminary Plat area was limited to three points of access along 1431. Specific locations for a joint use access easement between Sendero Springs and Lot 27 shall be determined during the site plan process.

Water and Wastewater Service

The development proposes standard municipal services. Water service is available at the lot frontage within Mayfield Ranch Blvd. Wastewater is available in the existing main to the east of the lot along Onion Branch.

Drainage

Floodplain exists on the property and will be contained within a Drainage and Storm Sewer Easement dedicated with the Final Plat. A plat note provided indicates the proposed finished floor elevations will be a minimum of two feet above the ultimate 1% annual chance floodplain (Note 2).

Additional Considerations: Although not reflected on the paper copies, the mylar has been updated so that Note #7 states: A ten (10') sidewalk easement abutting along the street side property line is hereby dedicated for all street side property lots shown hereon. A ten (10') PUE is hereby dedicated abutting along the 20' waterline easement.

RECOMMENDED MOTION:

Staff recommends approval with the following condition:

1. Provide a plat note stating access easements will be determined with the site plan.
