**Vizcaya Phase 3B**  
**FINAL PLAT          FP1510-007**

**HISTORY:** The Planning and Zoning Commission first approved the Vizcaya preliminary plat on November 20, 2013, under its original name of Avery North. There have been several revisions since, some of which required review by the Commission and some of which were administrative. Another administrative revision was submitted with this final plat application to update phase lines.

**DATE OF REVIEW:** November 4, 2015

**LOCATION:** Along Pietra Lane and Bianco Terrace, generally north of Caruso Lane

**STAFF REVIEW AND ANALYSIS:**

General Plan and Zoning:

The Vizcaya development consists of approximately 501 acres of land which is divided into two use districts consisting of approximately 24.9 acres for commercial development and 476.24 acres for residential development. The residential acreage is further subdivided to include an approximate 100 acres of parkland and open space, some of which encompasses the existing flood plain, and a three acre fire station site that will ultimately be dedicated to the City of Round Rock.

For the purposes of this phase, 42 casita residential lots are being proposed. The PUD requires a minimum size of 5,000 square feet for casita lots, although many of the proposed casita lots within this phase are in the 6,000 to 8,000 square foot range. There are 37 standard residential lots proposed, for which the PUD sets a minimum lot size of 6,100 square feet. However the smallest standard lot in this phase is proposed to be 6,890 square feet, with the majority greater than 8,000. This phase also contains two large parkland/drainage/open space lots, totaling almost 20 acres combined, and a significant stretch of Pietra Lane, which is a north-south primary/collector roadway as designated in the PUD.

The overall percentages of this portion of development are contained in a table on the Final Plat. The developer labeled densities on the residential development parcels demonstrating how the development conforms with the PUD. The proposal complies with the General Plan, Zoning and Subdivision Ordinances, and the approved PUD.

Traffic, Access and Roads: A Traffic Impact Analysis (TIA) has been approved for the overall development. This phase will not require a TIA revision.

Water and Wastewater Service: Water and wastewater service will be provided by the City.

Drainage: There are no drainage concerns for this phase, which includes the creation of a drainage lot that will serve a portion of the PUD beyond this phase.

**RECOMMENDED MOTION:**

Staff recommends approval with the following conditions:

1. Remove access easement located on north side of Bianco Terrace near intersection with Varano Bend.
2. Provide minimum finished floor elevations for the residential lots adjacent to the floodplain (Lots 16-34, Block P).
3. Correct the lot summary table on sheet 3 to match the most recent revised preliminary plat submittal.
4. Please update parkland/drainage easement callout to "Lot \_\_, Block \_\_, Parkland/Drainage Easement to be conveyed by deed to the City of Round Rock. Doc. No. \_\_\_\_".
5. Please add "OF" between "CODE ORDINANCES" in Note 2.
