m60 Series ATC

The Advanced Traffic Controller for NEMA style cabinets

Description

The Siemens m60 series ATC complies with the industry's latest Advanced Traffic Controller (ATC) standard 5.2b. Built on the proven m50 hardware architecture, combined with powerful industry-leading SEPAC software, the Linux-based m60 series ATC provides a host of functions to meet the needs of traffic agencies of all sizes. The m60 series ATC

provides multiple Ethernet, USB and other industry-specific interfaces, facilitating both backwards and forwards compatibility. The m60 series ATC also enables easy hosting of third-party applications. In addition, the m60 series ATC exceeds industry standards by providing usability features that include the new Siemens Multiview Display concept (SMD) with real-time active status, context-sensitive HELP screens and user-programmable favorite buttons. The m60 series ATC is truly a nerve center for the connected intersection of the future.

Features

- Exceeds ATC standard 5.2b compliance
- Active TFT backlit LCD display with Siemens Multiview Display Technology
- Modular ATC Communications hub
- Convenient field upgrade packages
 - Linux upgrade package
 - m50 USB upgrade package
 - m60 ATC upgrade package
 - m60 NEMA upgrade package

usa.siemens.com/mobility

Benefits

The Siemens m60 series ATC provides a vast array of benefits compared to other similar products in the industry.

At the heart of the m60 series ATC is the Siemens Multiview Display (SMD) concept. The SMD provides the user with multiple time-saving mechanisms to operate and program traffic controllers. For ease of operation, the 16 line display is split into an active programming view at the top and a dynamically updated active status view – or the context-sensitive HELP – at the bottom. This dual view enables users to dynamically visualize the impact of their programming changes on the overall efficiency of the intersection.

In addition, the ability to program customized function buttons to a specific menu item ensures quick navigation, making the operation of an m60 series ATC fast and efficient.

Having built upon the proven Siemens m50 hardware platform, the m60 series ATC offers a range of possibilities to address financial and technological constraints faced by traffic agencies.

Controllers by Siemens

Central Processor Unit (CPU)

- Open architecture platform with standard Linux operating system
- MPC 8270 266MHz processor
- 512MB FLASH, 64MB DRAM and 2MB SRAM
- TOD Clock with automatic daylight savings time adjustment
- Power supply will power the SRAM during power failures
 - Supports SEPAC controller software
 - SD memory card
 - Operating System: Linux 2.6.39

Keyboard and Display

- Siemens Multiview Display with dual view screens
 - 5 1/8 inch active TFT display
 - Easily removable display and keypad
 - Easily identifiable, discrete HELP button
 - Real-time context sensitive HELP screens
 - User programmable function buttons F1 to F5
- Removable LED backlit LCD with 16 lines of 40 characters with adjustable contrast
- Emulation of terminal per Joint NEMA/AASHTO/ITE Standard
- Key quantity and function per Joint NEMA/AASHTO/ITE Standard

m60 ATC Communications Module

- 10 Base-T Ethernet with built-in switch and 4 front panel RJ-45 connectors
 - ENET1 and ENET2 network switches
 - 5 10/100 TCP/IP ports
- 4 USB 2.0 Ports and a Datakey Port
- Dedicated GPS - SP8 Port (9pin EIA-574)
- Unique MAC address assigned by the Institute of Electrical and Electronic Engineers (IEEE)

- EIA-232 port for uploading/downloading applications software and OS updating
- Single and multi-mode fiber optic options
- 1200 bps Frequency Shift Keying (FSK) modem (optional)
 - Datakey

Communication

- SDLC
- Serial Port
- FSK Modem

Hardware Specifications

- Dimensions
- Power Supply
- Temperature

Controller Housing

- 7 slots with card guides for standard size Versa Modules
- 2 slots with card guides for standard Joint NEMA/AASHTO/ITE ATC modems (optional) or ATC Communication Module or USB Plate
- Polycarbonate construction (excluding back panel), rear mounting tabs and aluminum power supply mounting plate for electrical grounding
- Carrying handle

All Siemens controllers and accessories are built with the highest standards in quality and manufacturing. With a long standing history of technological innovations, well renowned customer service, and high quality products and services, Siemens is the leader in traffic technology products and solutions. RE: Sole source letter

Dear Mr. Mercer:

Siemens Industry, Inc., Road and City Mobility is pleased to notify you that Iteris is the sole distributor authorized to sell, install, and support Siemens traffic control products within the City of Round Rock.

Additionally, as Iteris is the sole authorized distributor in the City of Round Rock, they provide first line repair services for Siemens traffic control products and serve as the proper avenue for all service and warranty repairs. Please note that Siemens warranties on products can only be honored if all components are official Siemens parts and all services have been performed by authorized Siemens repair facilities. Repairs to Siemens traffic control products by unauthorized repair facilities could void any warranty and/or functional responsibility on the part of Siemens.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Gitkin".

Steve Gitkin
Director of Sales

Justification Form

Instructions: Complete this form for all Proprietary Purchases that will exceed \$3,000.00, where competition is not being considered and submit the document to the Purchasing Department.

Request No.: _____ Cost: \$184,500.00 Date: 04/04/2016

Commodity Code: 550-88 Briefly describe Goods/Services being purchased: _____

Siemens M60 Advance Traffic Signal Controller

Proposed Vendor: Iteris Vendor No.: 51986

I. The requested goods/services are proprietary due to (check all that apply):

☐ COMPATIBILITY - Must fit and function without modification on existing piece of equipment. List existing piece of equipment: _____

☐ REPLACEMENT/MAINTENANCE - Repair or maintenance from other than original manufacturer or manufacturer authorized service provider would void warranty. List existing piece of equipment: _____

☒ SOLE SOURCE/ONLY KNOWN SOURCE - Available from only one vendor or source. Name of source: Iteris

☐ CITY STANDARD (Standards list on file). Standards list provided to Purchaser: ☐ Y or ☐ N

☐ OTHER - Explanation Required: _____

II. Provide full explanation, complete descriptions, relevant reasons, and documentation supporting this request.

Traffic Signal Controllers are an upgrade from current controllers that we have. The new controllers have a Linux based operating system
with faster processing speed that allows for updated firmware options and communication features that will allow greater traffic mobility.

III. Submit documentation and detailed explanation regarding other providers whose products or services have been evaluated and the reasons why those products or services do not meet requirements.

Iteris is the sole distributor and support for Siemens products. The controllers work in conjunction with our Siemens Traffic Management Software.

IV. By submitting this request, I certify that the above justification is accurate and complete to the best of my knowledge and that I have no financial or other interest in selecting the vendor to provide the goods or services indicated.

Billy Marcus Requestor Transportation Dept. (512) 341-3309 Phone 04/04/2016 Date

[Signature] Dept. Approved (Supervisor/Manager) 04/04/2016 Date

**** TO BE COMPLETED BY PURCHASING ****

V. Based on the above and (any) attached document(s), I ☒ concur/ ☐ do not concur with this justification.

Michael Schurman Purchaser/Buyer 04-20-16 Date P.O. #

VI. APPROVED: YES NO [Signature] Purchasing Supervisor/Manager 4/26/16 Date

04/13/2016

DPR 161078

General Notes:

M60 Controller are an upgrade to replace existing controllers for enhanced mobility option for traffic. Quoted price includes trade-in discount. This IS a split Distribution transaction. \$161,600 from Type B fund Account:60427000-6117 & \$22,900 from Account:10027006-617.
