The Woodbine Event Center
ZONING ZON1805-001

HISTORY: The Nelson-Crier House was constructed between 1895 and 1900. Three generations of the Nelson family lived in it. It was significantly remodeled in 1931. In 1960, Eugene N. and Jean Crier Goodrich bought and renovated the mansion and named it Woodbine. It has been a single family home since its construction.

DATE OF REVIEW: July 18, 2018

LOCATION: 405 E. Main Street

STAFF REVIEW AND ANALYSIS:

General Plan and Zoning: The general plan designates the property as downtown mixed-use. It is zoned as MU-L (Mixed-use – limited) and H (Historic overlay). Uses allowed in the MU-L district include single-family and limited commercial uses in structures that are single-family residential in style. Specific uses include bed and breakfast, office, live/work units, and very limited retail uses. The purpose of the H district is to preserve structures, sites or areas that have outstanding historical and cultural significance. This requires that a certificate of appropriateness be received from the historic preservation commission prior to the start of any development.

There are three mixed use zoning districts in the downtown area. The MU-1 (Mixed-use historic commercial core) district allows a variety of complementary commercial uses, such as retail, office, restaurant and entertainment uses, in the same building, on the same site, or in the same block. The MU-2 (Mixed-use downtown medium density) district, which is mostly located to the north and west of the historic commercial core, allows for more limited complementary residential and commercial development. An event center is an allowed use in MU-1 and allowed with the approval of a special exception in MU-2, but it is not a use allowed in the MU-L district. The purpose of the proposed PUD (Planned Unit Development) zoning district is to include an event center as an allowed use on the property.

Event Center: The zoning code defines an event center as a facility consisting of multi-purpose rooms, outdoor courtyards, or recreational facilities used for hosting social gatherings such as weddings, parties, receptions and dances.

Proposed Use: The property is to be converted from a single family residence to an event center. Events will be held both on the grounds and in the house itself. Any on-site parking spaces must be located behind the house. Additional parking will include nearby on-street public spaces and private parking lots made available through agreements with the property owners. For events with 200 guests or more, a shuttle will be provided to private parking areas farther from the site. Any noise from events will be subject to the City's noise ordinance, which limits noise levels in residential zoning districts, including MU-L, both at night, from 9:00 p.m. to 7:00 a.m. the following day, and during the day, from 7:00 a.m. to 9:00 p.m. the same day. The event center operating hours will be limited to 7:00 am to 1:00 am for access to the public and no outdoor activities shall occur after 11:00 pm.

RECOMMENDED MOTION:
