**Austin Addition Replat of Lot 2, Block A (Metals4U)**  
**FINAL PLAT                      FP1901-001**

**HISTORY:** The Planning & Zoning Commission approved the "Austin Addition – A Replat of Round Rock Village Square Plat" on January 6, 1999 (Cabinet R, Slide 39/ Doc No. 1999025336) and created one development lot. This Replat request will create two separate lots.

**DATE OF REVIEW:** February 20, 2019

**LOCATION:** Generally located at the northeast corner of Louis Henna Blvd. and Double Creek Dr.

**STAFF REVIEW AND ANALYSIS:**

General Plan and Zoning: The Future Land Use Map designates the tract for commercial purposes. The tract is zoned C-1 (General Commercial) and allows commercial land uses such as office/warehouse, retail sales, hotels and fuel stations by right. The C-1 development standards require that the exterior building materials be a minimum of 75% natural stone, simulated stone, brick, stone-face or split-face CMU. The remainder of the exterior may be stucco, fiber cement siding, architectural steel or metal.

Traffic, Access and Roads: Shared access drives currently exist along Louis Henna Boulevard and Double Creek Drive. No modifications of existing drive aprons will be permitted unless a Traffic Impact Analysis (TIA) determines a turning lane is required. Trip generation numbers will be required at the site development plan stage to determine if a TIA will be required.

Water and Wastewater Service: Water and wastewater service will be provided by the City of Round Rock. There is an existing 16-inch waterline along the east property line, which will be accessed for the development. An existing 8-inch wastewater line along Double Creek Drive will be accessed for the subject tract.

Drainage: Development on the subject tract will use the shared detention pond with the Double Creek Independent Living Facility to the east of the site. There is an existing agreement between both properties already in place. The shared detention pond is sized to accept storm runoff for off-site drainage.

Additional Consideration: Attached is a revised public hearing notice for a replat request based on Planning & Zoning Commission input that states the Commission's public hearing and deliberations are for plat applications only – and not about land use – that was previously established through zoning.

**RECOMMENDED MOTION:**

Staff recommends approval with the following conditions:

1. Correct the spelling of Louis Henna Boulevard in the vicinity map.
2. Revise the Engineer's signature block to remove the altered text.
3. Provide written scale 1"=50'
4. Revise Easement Table; revise outdated record tracking (cabinet, slide) to include the updated year recordation numbers per the Williamson Co. County Clerk's office.
5. Revise wastewater easement callout to depict dedication by separate instrument, remove linework bearings and distances, provide recordation space holder stating "City of Round Rock 15' Wastewater Easement Recordation\_\_\_\_\_".
6. Revise drainage easement callout to depict dedication by separate instrument, remove linework bearings and distances, provide recordation space holder stating "Private 15' Drainage & Storm Sewer Easement Recordation\_\_\_\_\_".
7. Provide benchmark elevation and update legend to include benchmark symbol.
