Round Rock, Texas 78664

Attn: Jeff Bell'

Project: City of Round Rock – Water Tower Lights
HCE #19-017

It is our recommendation that the City of Round Rock proceed with a “Contractual Agreement” with Environmental Lighting Service for the installation of the electrical, lighting and controls portion of the Historic Water Tower project. This recommendation is based on bids received on July 31, 2019 and the knowledge the Contractor shows for lighting projects of this scale.

Sincerely,

A handwritten signature in black ink that reads 'Byron Hendrix'.
