Re: Brushy Creek East Regional WWTP Expansion
Construction Contract Award

Dear Mr. Freireich:

The City of Round Rock received proposals for the expansion of the Brushy Creek East (BCE) Wastewater Treatment Plant Expansion project on February 13, 2020. The proposals were received under the Competitive Sealed Proposal (CSP) format allowed for under Texas Law. Four proposals were received.

Per the contract documents and procurement rules for CSP, the City and its partners in the project evaluated the four proposals based on specific qualification criteria, the schedule proposed by each proposer, and the Base Bid Amount. The result of the review by the project participants are shown in the following table. Thalle Construction received the highest rank of the four proposals submitted.

Proposer	Base Bid Amount	Total Proposal Score
Thalle Construction	\$108,405,713.63	185.5
MWH Constructors	\$119,383,926.00	181
Oscar Renda Const.	\$115,975,661.84*	179
PLW Waterworks	\$128,845,000.00	173.5

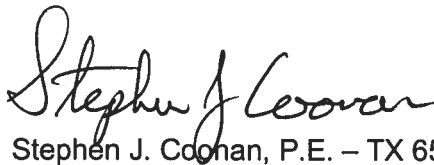

* Math error corrected, decreasing base amount bid by \$300 from what was submitted.

Mr. David Freireich, P.E.

Plummer has reviewed the material submitted by Thalle in its proposal and has contacted references for both the firm and the key staff proposed for this project. As a result of our review of the material and the results of the CSP scoring, Plummer concurs with the scoring and recommends award of the contract to Thalle Construction based on their Base Bid of \$108,405,712.63.

If you have any questions concerning this recommendation, please contact me at 512-452-5905. We look forward to the construction phase of this important project for the Partners.

Sincerely,
Plummer (Firm No. 13)

Stephen J. Coonan, P.E. – TX 65516
Principal
