**Round Rock 19 Subdivision
FINAL PLAT FP2010-004**

HISTORY: This Final Plat is being processed simultaneously with the Preliminary Plat ("PP2010-001") application on tonight's agenda.

DATE OF REVIEW: November 18, 2020

LOCATION: North side of State Highway 45 and east of Meister Lane

STAFF REVIEW AND ANALYSIS:

Comprehensive Plan and Zoning: The Future Land Use designation of this area is determined by PUD No. 22 which contains a mixture of residential, commercial, business park, open space, and light industrial land uses. The approval of this Final Plat will facilitate the development of a warehouse building. Warehouse buildings are categorized under light industrial uses and are permitted by right in PUD No. 22.

Compliance with the Preliminary Plat: As shown, this Final Plat is in compliance with the Preliminary Plat ("PP2010-001").

Traffic, Access and Roads: The subject tract has access from Louis Henna Boulevard. The Applicant will dedicate right-of-way to the City of Round Rock along Gattis School Road. A Traffic Impact Analysis (TIA) was deemed not necessary as the development does not meet the a.m. and p.m. peak hour trip threshold to require a TIA.

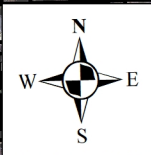

Water and Wastewater Service: Water and Wastewater service will be provided by the City of Round Rock. Water will be obtained from an existing waterline along the south portion of the tract along Louis Henna Boulevard. Wastewater will be obtained via an existing wastewater line along the western portion of the tract.

Drainage: A flood study (FLOOD2007-0003) has been submitted for review. Staff will review a more detailed drainage plan prior to final plat recordation.

RECOMMENDED MOTION:

Staff recommends approval with the following conditions:

1. Update plat sheets to include City of Round Rock Tracking # FP2010-004 in the lower right corner.
2. Prior to plat recordation, provide PDS (Planning & Development Services Department) an approved flood study.
3. Provide label/table stating MFFE (Minimum Finished Floor Elevations) for each development lot.
4. Add to drainage easement call out "City of Round Rock Storm Sewer & Drainage Easement".
5. Revise callout for Gattis School Rd. 10' wide Public Utility Easement to include sidewalk easement.
6. Depict FEMA (Federal Emergency Management Agency) Zone AE in cross hatch.
7. Depict City of Round Rock Storm Sewer and Drainage Easement capturing entire limits of Ultimate 4% within the subdivision limits. Ensure limits are accurately depicted.
8. Provide confirmation from TXU Electric regarding sharing of the easement for the City required 15' PUE & 10' sidewalk easement with the existing TXU easement along Louis Henna Boulevard or adjust easement location accordingly.
9. Revise language on Lot 3 to "ROW hereby dedicated to the City of Round Rock."
10. Revise plat note #8 to state the following "This Plat conforms to the Preliminary Plat ("PP2010-001") approved by the Planning and Zoning Commission on November 18, 2020.
