A motion was offered.

**Motion:** Motion by Commissioner Bryan, second by Commissioner Sanchez to approve as conditioned.

**Vote: AYES:** Chairman Pavliska, Commissioner Bryan, Commissioner Clawson, Commissioner Henderson, Commissioner Rabaey, Commissioner Sellers, and Commissioner Sanchez. Vote to approve: 7 - 0. The motion carried unanimously.

**F3. Consider public testimony and a recommendation concerning the request filed by the property owner, Jeff Woodley, for the rezoning of a property from the SF-2 (Single-family standard lot) zoning district to C-1 (General Commercial) zoning district. Generally located on the east side of S. Mays St.; between Mays St. and Cushing Dr. Case No. ZON1705-002**

Mr. von Rosenberg gave background information regarding this application stating that the Commission had reviewed this property on June 21, 2017 and had recommended the C-1a (General commercial limited) zoning district. This was done with the property owner's consent. He stated that, following the Commission's recommendation, the property owner requested that the C-1 (General commercial) zoning district be considered instead.

Mr. von Rosenberg explained that staff recommended the C-1a district because it is the most recent general commercial zoning district to be adopted by the City Council, in 2005, and it therefore reflects the City's intention for general commercial land uses. He noted that Mays Avenue is a gateway to downtown, which has been part of significant investments by the City. He reviewed all the newly zoned general commercial properties for the last five years and noted that each of these properties were zoned to C-1a (General Commercial – limited). He then reviewed each of the new and amended PUDs (Planned Unit Developments) with general commercial uses for the last five years and noted that all included C-1a as the basis for commercial regulations.

Mr. von Rosenberg stated that when the C-1a district was adopted, the C-1 district was retained to avoid the need to rezone every existing C-1 zoned property, which would have created numerous non-conforming situations.

He explained the C-1a zoning district prohibits certain uses, including: pawn shops, tattoo parlors, self-service storage, manufactured homes, portable building sales, shooting ranges, truck service or repair, and sexually oriented business. Other uses, for example vehicle sales, rental or leasing, including boats and campers, are allowed only on property which has IH-35 frontage.

Mr. von Rosenberg noted that the owner had previously acknowledged that he had used the property for automobile sales and photographs taken in the past several years were presented, confirming this use. Since the property is zoned as SF-2, the automobile sales use was not permitted at that time. He also said that if a zoning change to commercial were to be approved, for either C-1 or C-1a, and commercial uses proposed, the property would have to come into compliance with the Code's site development standards including sidewalk installation, commercial driveway requirements, drainage, fire code, landscaping, and parking lot design.

Finally, Mr. von Rosenberg stated that the staff recommendation was for disapproval of the rezoning from SF-2 to C-1.

The property owners, Mr. and Mrs. Jeff Woodley, gave a brief presentation and requested the C-1 zoning district for their property, which would allow them to continue using the site for commercial purposes, as they have done for the last two years.

Following a discussion, a motion was offered.

**Motion:** Motion by Commissioner Henderson, second by Commissioner Rabaey to recommend approval of the rezoning to C-1.

**Vote: AYES:** Chairman Pavliska, Commissioner Henderson, Commissioner Rabaey, and Commissioner Sellers. **NAY:** Commissioner Bryan, Commissioner Clawson, and Commissioner Sanchez. Vote: 4 - 3. The motion carried.

**G. STAFF REPORT:**

**G1. Consider an update regarding Council actions related to Planning and Zoning items.**

**G2. Consider an update regarding the change of the meeting time for Planning and Zoning Commission meetings beginning October 4, 2017.**

Mr. Wiseman stated that meeting time for City Council and Planning and Zoning Commission meetings will change to 6:00 p.m. beginning in October. He explained that the purpose of changing the meeting to an earlier time was to give the public an opportunity to get more involved in local government and to minimize administrative costs for the City. The first Planning and Zoning Commission meeting at the new meeting time is scheduled for October 4, 2017.

**H. ADJOURNMENT**
