E. PLATTING AND ZONING:

E1. Consider public testimony and a recommendation concerning the request for the approval of an H (Historic Overlay) zoning district for a portion of the property at 704 E. Main St., generally located northwest of the intersection of E. Main St. and N. Georgetown St. Case No. ZON1811-001

Ms. Jordan briefly explained the purpose of the application noting that the request was to add H (Historic Overlay) zoning to a part of the property located at 704 E. Main St. She noted that the base zoning of the tract MU-L (Mixed-Use Limited) will remain unchanged and the permitted uses will not be affected by the Historic Overlay.

She continued to give background information about the property, noting that the area to be rezoned has a historic structure that was recently relocated. The structure was originally the servant's cottage at 405 E. Main St. Ms. Jordan explained that the Historic Preservation Commission (HPC) approved the relocation of the cottage as an alternative to demolition. The HPC also approved the receiving location because the cottage would remain in the same neighborhood.

Ms. Jordan noted that the owner is undecided as to the cottage's eventual use, but the use must be consistent with the accessory uses allowed under the MU-L zoning district. She also stated that the main residence, located at 702 E. Main St., would potentially be eligible for the City historic designation; however, the owners only wished to apply it to the cottage site.

The HPC and Staff recommended approval of the rezoning to add H (Historic overlay) zoning to the current base zoning (MU-L) for the area with the servant's quarters.

Chairman Pavliska opened the public hearing and asked anyone wishing to speak for or against this item to come forward. Seeing no speakers, Chairman Pavliska closed the public hearing.

Following a brief discussion, a motion was offered.

Motion: Motion by Commissioner Wendt, second by Commissioner Rabaey to recommend for City Council approval as presented.

Vote: AYES: Chairman Pavliska, Vice Chair Wendt, Commissioner Clawson, Commissioner Henderson, Commissioner Ly, Commissioner Rabaey, Commissioner Sanchez, and Commissioner Sellers. Vote to approve: 8 - 0. The motion carried unanimously.

E2. Consider public testimony and action concerning the request filed by B-Squared Engineering, on behalf of the property owner Round Rock Islamic Center, for approval of a Concept Plan to be known as Round Rock Islamic Center Concept Plan, generally located west of Windy Park Dr. Case No. CP1801-002

Mr. Enriquez reviewed the application noting that the purpose of the application was to request a Concept Plan approval. He noted that the majority of the property is vacant, however, the site currently has a place of worship and a small parking lot.

Mr. Enriquez explained the proposed access point along Hampton Lane and stated that the applicant would be required to dedicate ROW (right-of-way) along Hampton Lane and design, extend, and construct the Hampton Lane extension. He also noted that the Islamic Center intends to construct a new parking lot in the near future and a new place of worship at a later time.

Finally, he noted that Preliminary and Final Plats will be required, after the Concept Plan approval, and noted that a public notice sign was posted on the site, a notice of public hearing was mailed to abutting property owners and posted in the Round Rock Leader newspaper. Staff recommended approval of the application.

The property owner's representative Mr. Brian Baird, with B-Squared Engineering, was available to answer questions.

Chairman Pavliska opened the public hearing and asked anyone wishing to speak for or against this item to come forward. The following Round Rock residents spoke during the public hearing. 1) Michelle Loning, 1732 Windy Park Cir.; 2) Dr. Bogdan Slomka, 1606 Windy Park Cir.; 3) Deborah Richardson, 1552 Parkfield Cir.; 4) Priscilla Cavazos, 1554 Parkfield Cir.; 5) Sharon Pritchett, 2352 Friarcreek Loop; 6) Huyau Chen, 2214 Sedgewick Ln.; 7) Manuel & Veronica Jacobs, 1708 Whirlwind Trl.; 8) Kevin McMahon, 1770 Windy Park Cir.; 9) Susie Mills, 1636 Rosewood Ct.; 10) Jim Robinette, 1917 Stratford Dr.; 11) Gery Magalong, 1712 Morning Meadows; and 12) Randy Overman, 1501 Zephyr Ln. Seeing no additional speakers, Chairman Pavliska closed the public hearing.

In summary, the speakers expressed concerns about the increase in traffic that the Islamic Center and the Hampton Lane connection might create in the neighborhood, parking during service hours, safety and noise. One of the residents spoke in favor of the Islamic Center development.

Mr. Carr, with Planning and Development Services, explained that a flood study is currently under review since the preliminary and final plats will require an approved flood study.

Mr. Pohlmeier with the Transportation Department, noted that the Hampton Lane connection will benefit the residents by offering another way in and out of the neighborhood.

Following a discussion regarding the citizen's concerns about traffic, parking, setbacks, and flood requirement, a motion was offered.

Motion: Motion by Commissioner Wendt, second by Commissioner Sanchez to approve as conditioned.

Vote: AYES: Chairman Pavliska, Vice Chair Wendt, Commissioner Clawson, Commissioner Henderson, Commissioner Ly, Commissioner Rabaey, Commissioner Sanchez, and Commissioner Sellers. Vote to approve: 8 - 0. The motion carried unanimously.

E3. Consider public testimony and action concerning the request filed by LJA Engineering, Inc., on behalf of the property owner, 1493 Round Rock, LLC, for approval of a Concept Plan to be known as 3651 N. I-35 Retail Concept Plan, generally located southeast of the intersection of RM 1431 and N IH 35. Case No. CP1811-001

Mr. Enriquez reviewed the application noting that the purpose of the application was for a Concept Plan approval. Vote: AYES: Chairman Pavliska, Vice Chair Wendt, Commissioner Clawson, Commissioner Henderson, Commissioner Ly, Commissioner Rabaey, Commissioner Sanchez, and Commissioner Sellers. Vote to approve: 8 - 0. The motion carried unanimously.

E4. Consider public testimony and a recommendation concerning the request filed by Waeltz & Prete, Inc. on behalf of the property owner, A&W Limited Partnership, to amend the 2020 General Plan and Future Land Use Map to modify the land use designation of 7.5 acres of land from residential to commercial use, generally located southeast of University Blvd. and east of Sunrise Rd. Case No. GP1811-001

Mr. Enriquez reviewed the application noting that the purpose of the application was to amend the General Plan Land Use from residential to commercial. He noted that the Future Land Use Map (FLUM) in the General Plan 2020 designated the tract for both commercial and residential uses.

He explained that commercial development would be the most appropriate designation for the entire tract because the tract's limited residential designated acreage would be unlikely to develop with a low density type residential development and the General Plan's multifamily location criteria prevents apartments in close proximity to other apartments.

He noted that a public notice sign was posted on the site, a notice of public hearing was mailed to abutting property owners and posted in the Round Rock Leader newspaper. Staff recommended approval of the application.

The property owner's representative Mr. Tony Prete, with Waeltz & Prete, Inc., was available to answer questions.

E5. Consider public testimony and a recommendation concerning the request filed by Waeltz & Prete, Inc. on behalf of the property owner, A&W Limited Partnership, for the original zoning of 7.5 acres of land to C-1a (General Commercial Limited) zoning district, generally located southeast of University Blvd. and east of Sunrise Rd. Case No. ZON1811-006

Mr. Enriquez continued to review the proposed application noting that the purpose of the application was to request the original zoning to C-1a (General Commercial – Limited). He stated that the proposed zoning will allow commercial land uses such as offices, retail, and restaurants; he explained that the proposed access points and the decision on whether a full TIA (Traffic Impact Analysis) will be required will be determined during the site development review stage.

He noted that a public notice sign was posted on the site, a notice of public hearing was mailed to abutting property owners and posted in the Round Rock Leader newspaper. Staff recommended approval of the application.

E6. Consider public testimony and a recommendation concerning the request filed by Migl Engineering and Consulting, on behalf of the property owner, Catholic Diocese of Austin, to rezone 13.06 acres of land from SF-1 (Single-Family – Large Lot) zoning district to PF-3 (Public Facilities – High Intensity) zoning district, generally located east of Sunrise Rd. and south of Luther Peterson Pl. Case No. ZON1811-004

It was decided that since Agenda items E6, E7, E8, and E9 were related, staff presentations and the public hearings for these four items would be considered together; however, there would be a motion for each agenda item.

Mr. von Rosenberg proceeded by reviewing the rezoning of the 13.06 ac. tract of land from SF-1 (Single Family – Large Lot) to PF-3 (Public Facilities – High Intensity) zoning district. He explained that when the tract was originally zoned, the PF-3 zoning district did not exist; he listed the existing facilities and its uses stating that rezoning the tract of land to PF-3 zoning district will bring the uses into the appropriate zoning district.

He continued to explain that zoning the 2.51 ac. and 2.03 ac. tracts to PF-3 zoning district will make the zoning consistent with the remainder of the tracts. He noted that the 2.51 ac. tract

contains several buildings, and the 2.03 ac. tract is undeveloped and the church has no immediate plans to develop it.

Mr. von Rosenberg concluded the staff presentation by reviewing the replat application noting that the purpose of the application was to include the addition of the 2.51 ac. and 2.03 ac. tracts owned by the church. It was noted that the right-of-way dedication on Apple Circle and Lake Drive will be removed from the replat and become a private access easement as it has been historically.
