Consider a resolution expressing official intent to reimburse certain project expenditures for parks, roads, facilities and public safety.

This resolution allows for project costs related to 1) design and engineering of roadway and pedestrian improvements through Old Settlers Park; 2) design and engineering costs related to the downtown signature park; 3) design, engineering, and construction for multiple facility remodel and expansions; and 4) design and construction of public safety facilities.

This resolution will allow these projects to move forward using existing cash and then reimburse the funds once the General Obligation Bonds (GO) and Certificates of Obligation (CO) are issued.

CO debt can only be used for limited purposes: roads, public safety, fleet and equipment.
