Consider a resolution determining that Competitive Sealed Proposal is the delivery method which provides the best value for the construction of Phase 2 - Apparatus Bays at Fire Station No. 9.

Texas Government Code, Chapter 2269 allows governmental entities to use certain methods other than competitive bidding in entering into contract for construction of facilities. The City of Round Rock is considering using "Competitive Sealed Proposal" as the delivery method for construction of a new apparatus bay for Fire Station No. 9.

Competitive sealed proposal is a method of construction that allows the City of Round Rock to hire a contractor based off qualifications and low bid equaling the best value.
