Consider a resolution authorizing the Mayor to execute an Agreement with Google Fiber Texas, LLC regarding construction inspection services.

The City entered into an agreement with Google Fiber to allow Google Fiber to micro-trench a fiber network in the City's roadway system. Due to the large number of crews performing micro-trenching and associated work tasks, the City and Google Fiber have negotiated this agreement by which Google Fiber agrees to reimburse the City for supplemental inspection services. The City will hire the contract inspectors to support City staff and Google Fiber will reimburse those eligible costs to the City. The maximum amount of the contract reimbursement is $40,000 per month for the two inspectors.
