File #: 2016-3476, **Version:** 1

Consider a resolution authorizing the Mayor to execute a Proposal for Appraisal Services with Paul Hornsby & Company regarding the RM 620 Project.

The RM 620 Safety and Mobility Improvement Project has been actively underway as a city sponsored project since late 2010. As the project was moving through the design process last year, TxDOT approached the city and offered a 90/10 reimbursement agreement to acquire the necessary right-of-way (ROW) for the project. Paul Hornsby & Company has been engaged to produce the appraisals required for the parcels to be acquired.

Staff recommends approval.
