File #: 2017-5011, **Version:** 1

Consider a resolution authorizing the City Manager to issue a Purchase Order to Freightliner of Austin for the purchase of a Vactor 2100 Plus Combination Sewer Cleaner.

This is to replace a truck that has been recycled to fill the need in Drainage Operations. The truck has been out of service most of the past year due to difficulty getting parts and being past its usable life. The truck is 2001 Sterling with a Clean Earth body. Sterling is no longer in production. The truck has over 105,000 miles and almost 4000 hours of use. This unit is no longer cost effective to keep in service.

Cost: \$376,738.00

Source of Funds: Self-Financed Drainage Construction
