File #: 2018-5531, **Version:** 1

Consider a resolution authorizing the Mayor to execute a Contract for Engineering Services with Kasberg, Patrick & Associates, LP for the Lake Creek 24" Wastewater Line Replacement Project.

The Lake Creek 1 wastewater line replacement project continues the City's efforts to provide adequate wastewater service capacity to the developing Southwest area of Round Rock. The project consists of replacing approximately 5,500 linear feet of 15-inch wastewater line with a 24-inch wastewater line along Lake Creek beginning at Round Rock West Drive and extending eastward to the south side of McNeil Road. This project is being completed earlier than the City's Wastewater Master Plan had scheduled due to the City's Parks and Development Services Department preparing to construct a trail along the same route. Staff has selected Kasberg, Patrick & associates, LP (KPA) for engineering design and construction phase services.

Staff recommends approval.

Cost: \$194,980

Source of Funds: Self-Financed Wastewater Construction
