Consider a resolution authorizing the Mayor to execute Joint Election Agreement with Travis County participating entities for the November 6, 2018 Special Local Option Election.

This joint election agreement allows the City to share the costs of the Travis County portion of the Special Election with all of the entities participating in the November 6, 2018 election. This significantly reduces our cost. A new agreement must be done for each election as the number of entities changes with each election.

Cost: \$350 (Approximate cost)
