The Capital Improvements Advisory Committee met on May 5, 2021 and June 2, 2021 to consider and approve the semi-annual report to the City Council with respect to the progress of the Capital Improvements Plan and identification of any perceived inequities in the impact fees for both Water/Wastewater Utilities and Transportation. The following information is being provided to you pursuant to 395.058 of the Texas Local Government Code.

After discussion, the Committee found no perceived inequities in implementing the plans or imposing the impact fees. Therefore, a motion was made to approve and forward the report to the City Council for their consideration.
